

iTero Element 2

Powerful

Meet the newest member of your team – iTero Element 2.

I'm here to help you do what you do – only better. With faster processing and clearer imaging, I'll transform your digital workflow and your chairside consults, so you can help your patients visualise their potential new smiles – and feel more engaged about their treatment.

Your intuitive digital solution

Next Generation Processor

Reduced scan processing and faster start-up time – perform a full-arch scan in as little as 60 seconds*

High-Definition Visuals

Sleek and slim 21.5" monitor, 16:9 widescreen viewing format, and improved resolution for highly detailed images

Uninterrupted Scanning

Long-lasting, rechargeable battery for easy mobility from operator to operator without plugging in or rebooting**

Ergonomic Wand Placement

Designed with a center-mounted wand cradle for easy ergonomics during scanning

Stunning Colour Imaging

Enhanced colour offers a more thorough look at your patients' oral health

Smarter Scanning

Improved wand touchpad is as intuitive as gesturing on your smartphone; use the touchpad to switch between scanning segments or rotate the model on screen

Visualise a better practice

Together, we can streamline your workflow.

- Restorative and orthodontic workflows
- Optimised Invisalign connectivity
- Visualisation tools
- Chairside milling integration

*Scan times vary and depend on individual experience. Data on file at Align Technology.

**With a fully charged battery, the user can scan for 30 minutes without having to plug in for power.
